VETERINARY CERTIFICATE

This is to certify that the consignment of *SUN DRIED SALTED* cattle hides originate from a disease free area where anthrax is not prevalent. Zimbabwe controls anthrax by regular vaccinations of all animals in problem areas. The area of origin has been free from Foot and Mouth Disease for more than 12 months and no restrictions for the movement of hides/skins from the area of origin in Zimbabwe were in force at the time of shipment. The hides/skins have not been exposed to contagion and were salted and sundried prior export.
